

## Fee-Free TAFE 2023

Applications are open  
throughout 2023

\*Government subsidised courses refer to government funded courses with Batchelor Institute. This does not apply to Fee for Service delivery or negotiated contracts.

### ABOUT THE INITIATIVE

Batchelor Institute is offering fee-free Vocational Education and Training places during 2023.

These places are part of a joint initiative of the Australian Government and Northern Territory Government to provide tuition-free training places to students wanting to train, retrain or upskill.

For eligible students, this means that course fees for \*government subsidised courses will be fee-free. Prospective students can contact Batchelor Institute for more information about eligibility criteria.

First Nations students may also be eligible to have transport, meals, and accommodation provided when traveling away from home to undertake their studies.

At Batchelor Institute, places in skill sets, stand-alone units, Certificates III, IV and Diploma levels will be available under this initiative. Certificate I and II level are already fee exempt at Batchelor Institute.

The new fee-free places include courses in:

- › business
- › community services
- › construction
- › conservation and ecosystem management
- › early childhood education and care
- › education
- › health
- › resources and infrastructure
- › screen and media
- › visual arts

These courses can help you to become qualified, develop your existing skills, and seek new employment opportunities.

They are available throughout the year at Batchelor Campus in Batchelor township, the Desert Peoples Centre Campus in Alice Springs, and in remote communities.

Batchelor Institute is Australia's only First Nations dual-sector tertiary education provider, where you can study in a culturally safe space with culturally appropriate support.
