

Getting started with

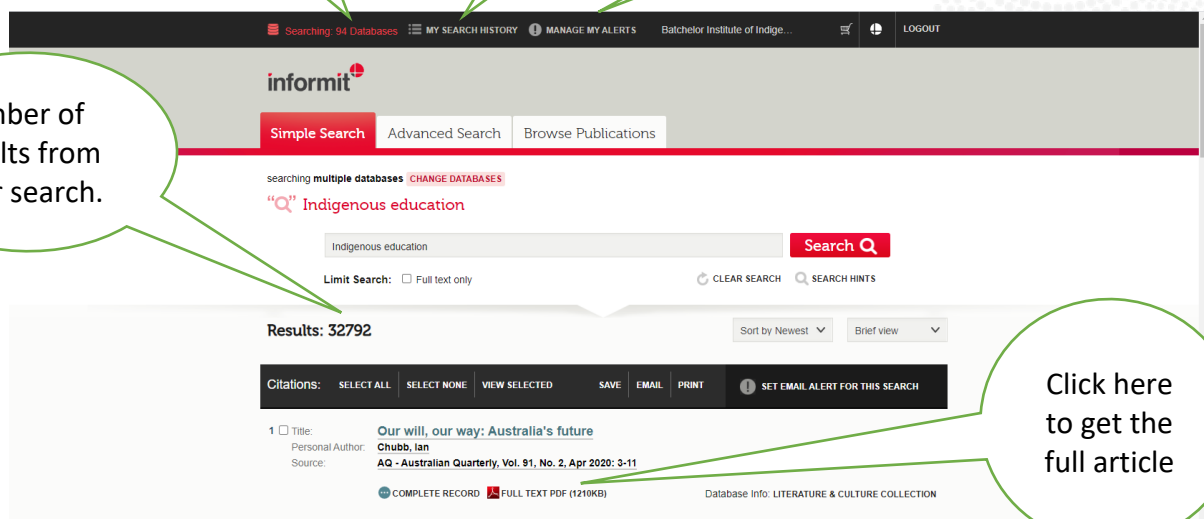

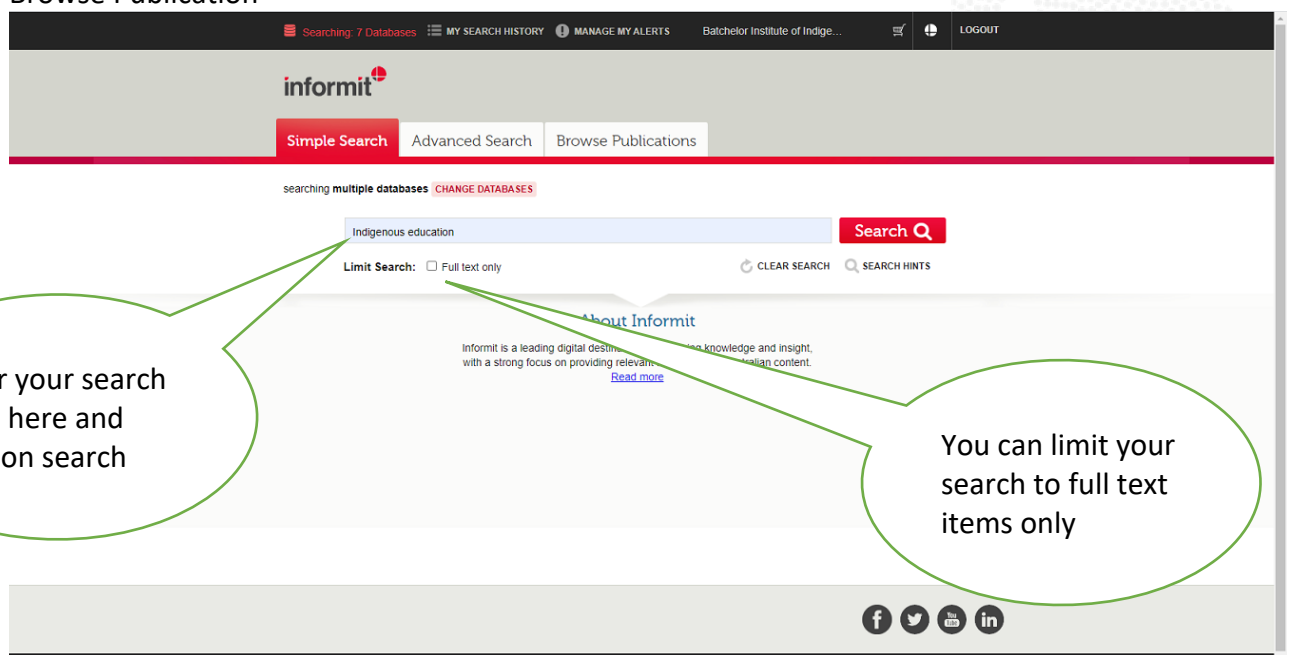

Informit database

**Batchelor
Institute**

**Library and
Information Services**

You are searching Informit databases, select from Simple Search, Advanced Search or Browse Publication

**Batchelor
Institute**

**Library and
Information Services**

The screenshot shows the Informit database search interface. At the top, there's a navigation bar with links like 'Searching: 1 Databases', 'MY SEARCH HISTORY', 'MANAGE MY ALERTS', 'Batchelor Institute of Indige...', and 'LOGOUT'. Below this, the 'informit' logo is followed by search options: 'Simple Search' (selected), 'Advanced Search', and 'Browse Publications'. A search bar contains the text 'education' and a red 'Search' button. A callout bubble points to the 'Search' button with the text: 'Click on Search hints for help'. Below the search bar, there are links for 'CLEAR SEARCH' and 'SEARCH HINTS'. The results section shows 'Records selected: 2' and options to 'Sort by Newest' and 'Brief view'. A table of results is displayed with columns for 'SELECT ALL', 'SELECT NONE', 'BACK TO RESULTS', 'SAVE', 'EMAIL', and 'PRINT'. Two records are listed, each with a title, author, and database information. A callout bubble points to the 'Database Info: THESES' link in the first record with the text: 'Tells you which database the article belongs to.'
