The screenshot shows the Discover LibrariesNT interface. At the top, there's a search bar with 'governance in northern territory' and a 'Sign In' button. Below the search bar, there are two search results. The first result is 'Government in the Northern Territory' by Northern Territory, Department of Education. The second result is 'Guide to Northern Territory research resources in Northern Territory collections' by M.A. Clinch, Australian National University. Both results show they are held by Batchelor Institute and are available. A callout points to the 'Sign In' button, and another callout points to the 'Place Hold' button in the 'Check Availability' section of the first result.
